

NEW BEGINNINGS

SUMMER 2020

ISSUE NO. 2

NEW NORMAL

What is the "New Normal"? We are seeing businesses re-opening and church bodies returning to worship, but how far and how deep has the COVID pandemic reached?

For the Pregnancy & Family Resource Center we have seen many more clients come in for pregnancy testing. We have also seen an increase in "undecided" decisions on parenting. Lastly, we do have a decrease in financial support. As difficult as all of that seems, God is still in control.

What won't change, what will always be "Normal" is the love, care and level of commitment we make and provide to our clients. I personally have a new appreciation for God's faithfulness to this ministry.

God has used so many of you for so many years to faithfully sustain us in prayer, financial support and through volunteering, I know that He will continue to do what only He can do and has done since 1974.

We are a 100% donor supported non profit ministry, and are thankful that we are Donor Supported.

A PLACE FOR YOU

Speak up for those who cannot speak for themselves

Proverbs 31:8

This is a beautiful example and picture of what our ministry looks like.

Are you called to speak for those who can't?

Is God asking who will go for me in your life?

We have a place for you to answer that call.

If you are interested in what volunteer positions we have available, let me know.

DIRECTORS DESK

I'm sure many of you are aware of the transition from here to Heaven for Ravi Zacharias. I recently listened to a message he delivered in 2014 for Heartbeat International.

He talked about Nehemiah and how he was troubled that his beloved city, Jerusalem, was in such rubble and in need of repair. He tied that into our work in the Pregnancy Help Movement. He said that each of us has a "burden", a calling, on our lives and on our heart from God. We don't all have the same calling and we don't all have the same portion of burden in a specific area. What we do have is the power through the Holy Spirit to carry our portion of said burden and the ability to fulfill the calling on our lives individually.

I was delighted to see that video from 2014 and then I thought about a completed mission, Ravi completed his. Now I am encouraged by words he delivered before I came into this ministry to complete the mission God has called me to with the Pregnancy and Family Resource Center.

I would love to have you join me in this mission by sharing your Time, Talent and Treasure.

*In Him,
Kathleen*

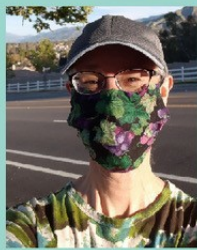

VIRTUAL WALK FOR LIFE 2020

I want to personally thank each one of our participants, our sponsors and our prayer partners for your participation in this year's walk. I know I shouldn't be, but I am amazed at how God can use a pandemic to bring out the best in us. Thank you all for braving the outdoors to show your support for the unborn and to ensure a BIRTHday for those who might not have one. Your Steps Did Count!!
