

HOW YOU CAN HELP

"Your voice carries farther than your arms can reach"

I recently read that quote and it causes me to pause each time I read it. I don't know who said it, but it sure makes me think about the words I speak.

Think about all the times you spoke encouragement to someone. Think of all the times that you said, "I Love You" to someone. How many times have you spoken kind words to a stranger?

We are looking to add to our volunteer staff and I pray that if God is knocking on your heart, that you would answer and come see where you can be used by God at our center.

Seeking God's direction for next year is part of what our Board of Directors does and we are looking to fill a secretary position on our Board.

There are also a few construction projects that we need laborers to complete.

Enclosed is a donation envelope. I pray and encourage you to make a year end donation, as long as your check is dated by December 31st we will post it as a 2020 tax donation.

The Pregnancy & Family Resource Center is a 100% privately funded non-profit ministry.

Someone will be alive tomorrow because you gave today. Satan has a budget but God has A-Bundance!

LOOKING FORWARD

"Your word is a lamp to my feet and a light to my path." Psalm 119:105

I find such peace in this verse and also a great starting point for looking into the new year.

This is the time of year that I dive into God's word and seek his direction for this ministry. I want to please Him with all that we do here at the Pregnancy & Family Resource Center, as our ultrasound tech says, "I want to serve Him well."

I'm so excited to announce that the Lord has provided a full time RN that will be coming on staff in January.

Jeremiah 29:12 In those days when you pray, I will listen.

For our prayer warriors I would ask that you come alongside and pray with us for possibly adding STI/STD testing and treatment to our services.

Thank you again for your continued support for this ministry. I pray that we all continue to follow the path the Lord illuminates for us.

Kathleen

GALA UPDATE

I hope everyone had a chance to watch and participate in our Virtual Gala (it's still on our website and YouTube if you haven't watched yet).

I'm so excited to announce that we met and slightly exceeded our goal of \$50,000. I have to say I was blown away at the love and gifts that came pouring in for us to continue doing the work we do here at the Pregnancy & Family Resource Center.

I got to watch someone I love watch our online gala and just what I hoped for happened. They laughed, they shed tears and most of all they were moved into action. For some that action was to financially support our efforts, for some it was seeking volunteer opportunities here and for others their action was to share our gala with others to laugh, cry and be moved into action.

I want to say that I appreciate everyone that watched, shared, opened their homes to others to watch the gala and to all of you that support this Pro-Life, Pro-Love ministry.

Not that I have ever run a marathon, but I would imagine that hardest part is the last few miles or mile when you can see the finish line but you just aren't there yet. I will admit that I was concerned that would be the case with our gala, but no. God pushed us through and blessed us with just a bit more to know it was all HIM!

FROM THE DIRECTOR'S DESK

JOY

I recently had a conversation with my mom about how I have been struggling to put my words in order for this newsletter. She said think about Christmas and what it means. She talked about the birth of our Savior, then all of a sudden I said joy.

This time of year I think about joy. The joy new parents feel when their child is born. The joy a mom experiences when her child is born healthy. The joy Mary experienced bringing the Savior into this world. The joy of the Magi bringing gifts to the Christ child. The joy of the shepherds when the angel spoke of the birth in the City of David. The joy of being in your hometown, even if it is in the barn.

What is the joy in your life, or are you stuck in circumstantial happiness? I pray that you have the pure joy that only a relationship with our Savior Jesus provides.

Having been a youth leader for a number of years I like to look back at an old definition of JOY.

J - Jesus

O - Others

Y - Yourself

I am so blessed to find JOY in my "job", and I'm so thankful that God has equipped me to find joy in all that I do. I love being joyful in the moment. I pray that this Christmas season, no matter your circumstances, your surroundings or your company (or lack of) you find JOY.

Let me end with a few nuggets that bring me JOY.

Doesn't matter how hard it is, just remember how worth it, it is.

Never tire of doing good.

May the Lord bless you and yours this blessed Christmas season.

Expectantly waiting His return,

Kathleen
