

NEW STAFF

I'm so excited to announce that our prayers were answered and we added a new medical member to our amazing team.

Please welcome Araceli Moeller, RN. Araceli is our Nurse Manager and joins us from a divine meeting when she and I were praying in front of Planned Parenthood over a year ago. Araceli and her family worship at Community Church in Devore.

Araceli is not only on staff to meet our client's pregnancy testing needs, answer medical questions, but her presence also allows us to explore offering new medical services to our community and existing clients.

Welcome to the team, Araceli!

PRAYER

Please join us as we go before the Lord with the requests below. Thank you to all of you that are faithful prayer warriors on our behalf.

- Health for our Staff and Volunteers
- God's continued provision
- Protection from the enemy
- Where we are to Grow and Go
- Increased awareness for LIFE
- More speaking engagements
- Boldness for all serving here
- Softened hearts of our clients
- New Board Members
- Increased volunteer staffing
- God's continued guidance
- Wisdom in our stewardship

GROWING

For we walk by faith, not by sight. 2 Cor 5:7

At the end of the year I like to sit with the Lord and seek His guidance for the new year. This year was not different and the Lord kept encouraging me with Grow and Go.

I took that to heart since He provided a full-time nurse. Now we are looking at what other positive, loving and life-affirming services we can provide in our community.

We pray for God to lead us and then pray that we will be obedient to follow where He leads.

Want to join us?

Email me about volunteer opportunities.

Barbara Curtin - Vice Chairman

Sonja McCart - Treasurer

Michelle Jackson RN

Pastor Lissa Ward

Staff:

Kathleen Jones - Executive Director

Araceli Moeller - Nurse Manager

Annie Riveira - Office Manager

Beverly Beckley - RDMS

GOVERNING BOARD

When I became the director for the Pregnancy & Family Resource Center in August 2019 there were many things that I was apprehensive about. But never really gave much thought to our Board of Directors.

I know there is a season and a time for everything. With that being said I am looking to build up our governing board. What is this? Well, it's a group of people that lead, direct and correct me as the center's director. Yes, I get to pick my own bosses (to a degree).

Are you passionate about the work done here at the Pregnancy & Family Resource Center? Do you have a ministerial background? Maybe you have been a successful business person and want to share that knowledge. Are you a gifted administrative person?

I'm looking for 2 to 4 people to join our board to help our ministry grow but also to stay focused on our mission and vision of caring for women, men and families with pregnancy related concerns. We are looking for those people that are heavenly focused while being earthly minded.

I would love to meet and discuss this further if you feel God is knocking at the door of your heart.

It will be a wild ride, but our final destination will be out of this world.

Kathleen

FROM THE DIRECTORS DESK

Wow, there is so much going on in such a short time so far this year. I'm not even sure where to start.

I hope you saw that we added a full-time Nurse Manager to our team and what a blessing that has been in just a few months.

We are finally moving forward with those construction projects I've been talking about on our Facebook page. We are expanding an inner office that doesn't get much use into a conference room. This room will be for all our training classes, our board meetings and part of it will be used for our vlog (video blogging).

The other construction project is re-modeling, upgrading and updating part of our warehouse into a Mom's Boutique. This project has sparked the creative juices in so many of our staff and volunteers. It will be a space for our families to come in and pick out the items they need for their children. Yes, we have been providing the items all along but we brought the things to them, now they will have a chance to "shop" and pick out the items themselves.

We are hoping to relieve some physical strain on our volunteers but more importantly to instill a sense of dignity into the families that are blessed by our services.

More exciting news, very recently someone asked about starting a fundraiser to purchase another ultrasound machine for our center. Yes, we have one (she's got a few years on her now) but with technological advances and performing nearly 500 sonograms a year ultrasound machines need updating. Did I mention that we have 1 full time ultrasound tech and right now we have another volunteer ultrasound tech! I don't want to sound greedy or ungrateful, but would I greatly appreciate a second ultrasound machine, you bet I would. We will talk more about that later in the year.

I just wanted to share some of the Joy and Blessings God is pouring into the Pregnancy & Family Resource Center.

Kathleen
